Comments:

I am a concerned Grafton resident commenting regarding the Discerned Cannabis proposal.

1. Location: Worcester street already backs up, especially toward the end of the business day with people turning left or right and traffic comes to a halt.

2. Cannabis in a town the size of Grafton. Grafton has had a lot of draw to it in terms of people moving into Grafton. Small, safe town, good schools, good location relative to the Pike and commuter rail. Cannabis will not be a draw. You will turn concerned parents away. This is not the future. It's a temporary way to make money. You will end up pushing people to live in other locations. One of them will be me.

Cannabis on a town this size will put burdens in other areas such as the impact on Grafton police department, impact on students in Grafton schools, and more. Small win for bigger losses.
