Comments:

I am opposed to this location for use as a retail Cannabis location.

It is a highly visible site that would attract the attention of adolescents and I fear would increase the chances of illicit use of the product by underage Grafton residents.

The location would also have a significant negative impact on the already congested traffic on Worcester Street and would contribute to an increase in air pollution in Grafton.

The proximity of the location to the Mass Pike Exit 11 also makes it extremely likely that commuters traveling in the Mass Pike who normally would not exit as they pass over Grafton would get off of the Pike at Exit 11 to make a purchase and hop back on, again increasing traffic and pollution in Grafton.
